### Request for AB167/AB216 Waiver

The current state law requires us to notify you that coursework beyond the state standard may not be required in order for you to receive a high school diploma from \_\_\_\_\_.

This new law (AB 167) states that when a foster youth transfers high school in either the 11<sup>th</sup> or 12<sup>th</sup> grades, he/she may be exempt from the district graduation requirements and will be held only to the state graduation requirements in order to receive your diploma, under Education Code Section 51225.3

\_\_\_\_\_ We have determined that you will not be able to meet the additional requirements our district requires while you are in foster care, therefore you are eligible for this waiver.

\_\_\_\_\_ We have determined that you will be able to meet the additional requirements our district requires while you are in foster care, therefore you are not eligible for this waiver.

It is possible that if you receive this waiver of additional coursework that it could impact your ability to enter college. Therefore, we have attached information on California Community Colleges. If you cannot enter a 4-year college right from high school, you will be able to transfer there from a Community College.

If you have any questions, please call \_\_\_\_\_ at \_\_\_\_\_.

By signing this document, you are stating that you understand what is required for graduation and post secondary option. See attached graduation requirements.
