**Le agradecemos** su servicio como voluntario para brindar una experiencia educativa que prepara a nuestros estudiantes para el siglo 21.

El código de Educación 49406 requiere que voluntarios en las escuelas, con ciertas excepciones autorizadas, se sometan a una evaluación de tuberculosis.

Se adjunta una lista de opciones gratuitas o de bajos costos disponibles para los voluntarios a quienes se les requiere obtener una evaluación de riesgo de la tuberculosis o una prueba intradérmica. Los voluntarios también pueden usar su propio proveedor médico privado o visitar una farmacia local.
