Mr. Cates:

First and foremost, thank you for reaching out to me regarding the district's current relationships with the COC.

In the future, Board member Kimberly Kenne will function as the liaison between the district and COC. All of the requested documents will be provided in a format that is user-friendly. Also, all future correspondence regarding the COC should come through my office, rather than Facilities, with a copy to Ms. Kenne. Her email is [kenne.kimberly@pusd.us](mailto:kenne.kimberly@pusd.us).

I hope this helps clear the path for more constructive work on the part of both parties.

If you have any questions, I will be back in my office on Thursday, as I am currently attending a conference out of town.
