SIBLING PRIORITY REGISTRATION: While every child who lives within PUSD boundaries is assured placement in their neighborhood school, the district's annual Open Enrollment-School Choice process offers families an opportunity to apply to a different school in the next academic year. Through PUSD's Open Enrollment-School Choice, families can to apply to themed, magnet, or specialized schools and programs outside the boundaries of their school of residence. Themed and magnet programs include Dual Language Immersion Programs in French, Mandarin or Spanish; Science, Technology, Engineering and Math (STEM); International Baccalaureate; visual and performing arts; high school college and career academies, and more. Improvements are being phased in this year to make it easier for families to participate and ensure they get placement in their top choices of schools. The first phase of Open Enrollment-School Choice for 2019-2020 in the Pasadena Unified School District (PUSD) begins with sibling and priority registration from October 29 through November 16, 2018. This period applies to: Students whose siblings will attend the same school of choice next fall; Students in Dual Language Immersion programs who will transition to sixth or ninth grade; and Willard Elementary students who will enter Blair Middle School's International Baccalaureate program. Registration for sibling and priority enrollment takes place at schools, not the District office. For more details, visit openenrollment.info.
