

PASADENA UNIFIED SCHOOL DISTRICT Annual Pesticide Use Notification

The Healthy Schools Act 2000 requires all California school districts to notify parents/guardians of intended pesticide use. During the school year, it may be necessary to apply pesticides at your child's school to avoid serious health problems posed by pests and/or maintain the integrity of a structure. You are notified as follows:

- An application of products on the approved list may be applied during the school year (see the list of pesticide products approved for use at District sites)
- In the event the use of a product is required and is not on the approved list, you will be notified 72 hours in advance (Exception: Emergency circumstances that warrant an immediate response)

If your child's health and/or behavior would be influenced by exposure to pesticide products and you would like to be notified each time a pesticide application takes place at your child's school, please submit the **Acknowledgement and Authorization Form** to your child's school if you did not do electronic Data Confirmation through Parent Portal

Approved list of pesticides intended for use at Pasadena Unified School District for the current school year

The Healthy Schools Act of 2000 requires all California school districts to provide to parents and guardians the approved list of pesticides intended for use in the upcoming school year. The Pasadena Unified School District annually provides to all staff and parents/guardians of pupils enrolled at a school site written notification of the name of all pesticide products expected to be applied at a school site during the upcoming year. The Pasadena Unified School District's Integrated Pest Management Plan and the approved list of pesticides intended for use at PUSD schools is available at <https://www.pusd.us/Page/3987> Parents/guardians may register with the school or district if they wish to receive notification of pesticide application at a particular school or facility. Visit the California Department of Pesticide Regulations website at www.cdpr.ca.gov/schoolipm if you have any questions/concerns regarding the Healthy Schools Act of 2000 or the pesticides listed below.

Approved List of Pesticides intended for use at Pasadena Unified School District

Product Name	Active Ingredients	Type of Pesticide	Target Pest
