

## PASADENA UNIFIED SCHOOL DISTRICT California College Guidance Initiative (CCGI) Notification

Dear Parents/Guardians,

Pasadena Unified School District has become a California College Guidance Initiative (CCGI) partner district, which gives your student access to valuable tools and resources to support his/her college and career planning that is only provided when transcript data is uploaded from the district's Student Information System. CCGI is a state-wide, equity-focused non-profit that manages the state of California's college and career planning platform, CaliforniaColleges.edu. In order to provide these valuable tools and resources to students, PUSD will share student transcript data in accordance with all state and federal student privacy laws.

Through this partnership, your student can:

1. Regularly use the CSU and UC Eligibility tools to view progress towards meeting the "a-g" course requirements (eligibility for 4-year universities), and quickly communicate with his/her counselor.
2. Apply to any CSU campus and his/her pre-verified courses automatically migrate to CalState.edu/Apply, reducing time spent on the application by approximately 50% and also reducing confusion and errors caused by discrepancies between local course listings on transcripts, and the course listings in the Course Management Portal (CMP).
3. Launch the CCCApply application to CA community colleges.
4. Launch FAFSA.

Parents/guardians can also create accounts to gain view-only access to students' progress, just as they do with their Naviance account. Please note we will continue to support our Naviance contract through November 2020 as we transition to this new platform.

Should you wish to opt-out from the District's disclosure of your Student Information, you must notify the district by completing the **Acknowledgement and Authorization Form** and return it to the school.

If you have any questions, please contact your child's counselor or the Instructional Services Office at (626)396-3600 x 88216
