

Afterschool Programs

The after school and summer school programs of PasadenaLEARNs offer engaging enrichment, leadership, and learning opportunities for K-12 students in the Pasadena Unified School District.

Activities complement the school day, and include homework help, leadership, visual and performing arts classes, structured recreation, academic enrichment activities, sports, and literacy development.

WSMA LEARNs operates Monday through Friday beginning at dismissal until at least 6pm. Students enrolled in PasadenaLEARNs are required to attend the full program in order to receive the maximum benefits of participation.
