

WSMA SCHOOL LOCKER POLICY

Lockers are available and offered to all students. Locks are \$5.00 each. Each student is assigned one locker through the Assistant Principal's Office. The locker is used solely for storage of outerwear and school related materials. **The locker is NOT student property** and school officials have the right to open and inspect the locker at any time. Locker inspections will be held on a regular basis. School authorities for any

reason, may conduct periodic inspections at any time, without notice, without student consent, and without a search warrant.

Students are expected to keep lockers clean and free from damage. Students who have lockers may not share their locker with other students. Inappropriate stickers and other items must be removable from lockers. If it is found that a student fails to adhere to the school locker policy, they will lose their locker privileges for the current semester.

Students can only rent school purchased combination locks. Each lock rented comes with instructions in English, Spanish, and French and with a combination. The combination and serial number is kept on file in the Assistant Principal's office.

Students should not share their lockers or locker combinations with other students. The school is not responsible for any valuables left inside the lockers. This includes cell phones, iPods, mp3 players, jewelry, cash, etc.
