

APMT SUMMER WORK

PART 1:

APMT Worksheets (pdf)

1. Each worksheet has a lesson on the top half of the page and exercises on the bottom half of the page. Read through the lessons.
2. Fill out the exercises on the bottom half of the page.
3. Read and answer as many pages of Lessons you can over the summer.

PART 2:

Chapter 1: Pitch and Pitch Class (APMT Summer 1 pdf)

1. Read through pages 2-20 and fill in the exercises found on pages: 4, 7, 8, 11, 12, 13-14, and 17.
2. On pg. 20, define the “Terms You Should Know” on a separate piece of paper or saved on Google Doc titled “Terms You Should Know”. The terms that are in bullet points will be easy to find in the book and the terms that are not bullet pointed will be in your own words and understanding from reading the chapter.
3. On the same piece of paper or on the same Google Document, write the questions and answers for “Questions for Review” found on page. 20.

Chapter 2: Simple Meters (APMT Summer 2 pdf)

1. Read through pages 21-44 and fill in the exercises found on pages: 22, skip page 25, 28, 29-30, 31, 32, 38-39, 40-41.
2. On pg. 43, define the “Terms You Should Know” on the same piece of paper or on the same Google Doc titled “Terms You Should Know” that you typed up for Chapter 1. Again, the terms that are in bullet points will be easy to find in the book and the terms that are not bullet pointed will be in your own words and understanding from reading the chapter.
3. On the same piece of paper or on the same Google Document, write the questions and answers for “Questions for Review” found on page. 43-44.
