INTRODUCTION

Welcome to the Pasadena Unified School District Primary Health Clinic. We are a child-friendly low cost, community clinic conveniently located at the District's Board of Education.

The clinic is staffed by Nurse Practitioners and serves children aged 0-18 years who reside in the Pasadena, Altadena, Sierra Madre areas. Our Nurse Practitioners are Masters' prepared and nationally certified. Our supervising physician, Harold Wilson M.D. insures high quality pediatric care.

While most of the children seen in our clinics are uninsured or underinsured, we offer many services to the community for a nominal charge. *

We welcome you to come in or call for an appointment.

*A fee of \$50.00 will be charged for students with health insurance in need of school entry, camp or sports physicals.
